

# SmartSoc by Orthomerica

- Currently, only the iPhone 11(s) mobile devices are provided by Orthomerica.

## Upgrade a device through Orthomerica: How To

- Complete the following provided forms:
  - SmartSoc Amendment 3 – Ref. **SmartSoc Amendment (FM013.09 Rev 3)**
  - SmartSoc Order Form – Ref. **SmartSoc Order Form (FM002.10 Rev B)**
- Submit the completed forms via email to the following: [custserv@orthomerica.com](mailto:custserv@orthomerica.com).
- Upon receiving, Orthomerica will process your registration, fully establish your SmartSoc system, and will notify you with account login details upon delivery of the system.

## What about my patient scans on the current eBrace (eBrace v4.01)?

- All SmartSoc data will be migrated from the current eBrace web-portal to the new eBrace Global web-portal within a 48-hour period (excluding weekends) – ref. **eBrace Global Transition** (below)
- It will take approximately 48-hours for the delivery of your upgraded SmartSoc system.
- Since you can immediately use your upgraded SmartSoc system upon receiving your upgraded iPhone 11 with CurveCapture O&P, it is **strongly recommended to suspend any scanning activity using the old Galaxy S7(s) or iPhone 7(s).**

### eBrace Global Transition
